Title: "Counter me on-18".

Date: 2003.

Technique: 2-part installation: Neon pipe, transformers, electro cables, stainless steel mirror.

Measurement: Red neon element: 63,5 x 38 x 12,5cm. Blue neon element: 32 x 20 x 8,5cm. Installation measurements: 118,5 x 92,5 x 12.5cm.

Notation: Titled on the transformers (adhesive tape): Counter me on-18. Transformers additionally inscribed each "A-28" and "B-6".

The cable of the smaller number is too short. In order to comply with the official installation dimensions, it would have to be replaced or extended. But the artwork is fully functional.

The work is listed on the artist's official website (www.tatsuo-miyajima.com).

Enclosed to the work is a certificate signed by the artist form 19.11.2019.
