ANTWERP SCHOOL

ca. 1550

Title: Madonna Lactans.

Technique: Oil on wood.

Measurement: 24 x 18,5cm.

Provenance:

Private ownership, Germany.

The panel on which the present Madonna and Child was made is carved from a single piece of wood, together with the surrounding frame. It is a very fine example of the craftsmanship of the panel maker, typical during the Renaissance, which transmits to us the working methods of the 16th century workshops.

Estimate: 10.000 € - 15.000 €
