The artistic estate has been managed by VAN HAM Art Estate since 2020. It contains wooden objects and works on paper from all artistic periods of the artist.

As part of Modern Week, VAN HAM will hold the benefit auction for the benefit of the Cologne-based association "Kunst hilft geben" both in person as well as online, and will, just like the artists, waive its revenue by donating the up- and down-payments to Ukraine via the association. The proceeds will be used to support the "Notgeld für die Ukraine-Kriegsopfer" campaign. The association helps people who have fled to Cologne, and provides humanitarian aid such as food and medicine in Ukraine and in the border regions. VAN HAM and "Kunst hilft geben" are very grateful for the donations of the artists.

Estimate: 6.000 € - 8.000 €; Hammer: 7.500 €
