PAIR OF LARGE EMPIRE CANDELABRA WITH VICTORIAS.

Paris.

Date: 19th century.

Technique: Patinated and partially gilt bronze.

Description: A column, made of several segments, on a two-level square plinth as the base. The shaft and the hemisphere on top of the column with finely chiseled blossom and feather decor. On top of each hemisphere stands a winged Victoria. In her raised hands two intertwined trumpets as four-flame candelabrams.

Measurement: Height each 62,5cm.

Literature:

- Ottomeyer, Hans and Pröschel, Peter: Vergoldete Bronzen vol. 1, Munich 1986. Related model on p.357, fig. 5.10.7

Closely related examples of this type of depiction include a pair of wall lights, executed by Claude Galle around 1809, which are today in the Munich Residence.

Estimate: 10.000 € - 12.000 €; Hammer: 10.000 €
