"This isn't art about intimacy in the digital era; it's using the digital form to illuminate something much closer to the core of intimacy itself - how we seek it from each other and from art; how we can experience simultaneous attraction and revulsion to expressions of feeling."

Leslie Jamison, Parkett no. 98, 2016.

Ed Atkins exhibited at the Espace Louis Vuitton in Munich in 2022. In 2019, a solo exhibition was held at K21 - Kunstsammlung Düsseldorf.
