"Few artists have plumbed what we could call Chinese transnational imaginery more effectively than Cao Fei, who over the last fifteen years has explored the physical and psychic effects of the changes in wide-ranging multimedia installations and videos. She is part of a generation that, as she says, 'grew up with pop culture, new technologies, electronic entertainment computer games, American rap, Hong Kong films, etc.'"

Tom McDonough, Parkett no. 99, 2017.
