"Gonzalez-Foerster has repeatedly used space as a central feature of her artistic practice. Her work hails from multiple places, sites, and milieus and is constructed from the storehouse of feelings that we all carry inside. It unapologetically alludes to emotional values while generating a sensible landscape within the spectator. From her vast body of work, it is specifically the environments that provoke the formation of these mental-affective landscapes, and with which we are here concerned."

Pamela Echeverria, Parkett no. 80, 2007.
