"Whatever the case, it is better NOT to see these pictures in reproduction, but to see the originals, live and physical, no matter how much they pretend to be infinitely reproducible. It is best to see them the way they claim they do not want to be seen: face-to-face. Because only then can one sense the special nature of the change and the prolonged sessions during which the artist appropriates this painting."

Jutta Koether, Parkett no. 71, 2004.
