With Parkett magazine.

"The significance of Rosenquist's new approach to painting around 1960-1961, lies not only in his choice of images culled from the mass media, but also in his decision to utilize the specialized knowledge embedded in the billboard painter's craft: for achieving effects of quasi-photographic form, and for scaling up tiny images to immense proportions."

Michael Lobel, Parkett no. 58, 2000.
