Extent: 304 pages, 290 mostly colour illustrations and 20 colour illustrations.
ISBN: 978-3-00-021204-8

This catalogue raisonné is the first publication on the Russian painter Alexei Harlamoff. The artist is known for his portraits of young girls and women, in which the art lover is faced with the task of assigning identities to the various faces. A futile task, for these are idealised portraits. Even if his choice of motifs seems somewhat limited, Harlamoff's art charms with good taste, unique charm and an unerring sense of colour.
