BRASS TABERNACLE CLOCK WITH FRONT ZAPPLER.

South Germany.

Date: 2nd half 16th C.

Technique: Brass, fire gilded, iron among others.

Description: High rectangular case with two lateral hinged doors that feature rich ornamental engraved decor both on the outside and the inside. In the top corners each a small roundabout-formed finial and in the centre the bell below a pierced dome. Obversely chapter ring dial with Roman hours and Arabic minutes, inside alarm disc, one hand.

Movement with iron and brass wheels, weight-driven clock mechanism, the alarm movement removed and converted to front pendulum.

Measurement: 18,5x7,5x7cm.

Mark: Verso twice with stamp JG above a four-sectioned crest with circular rings.

Estimate: 6.000 € - 7.000 €; Hammer: 6.000 €
