IRON FACADE LOCK WITH MASCARON.

Presumably Italy.

Date: 2nd half of the 16th c.

Technique: Iron.

Description: High rectangular form with strict tendril bands as outer boundary. Central portal architecture with round arch field. In it a cherub, above it two men's heads in profile. The portal field, which covers the keyhole, with a large mascaron, the tongue slightly movable.

Measurement: 25x13,5x13cm.

Lock mechanism slightly defective or no longer present. Keyhole cover stuck.

Provenance:

Private collection Lower Rhine.

Estimate: 2.000 € - 3.000 €; Hammer: 2.200 €
