GLASS PAINTING "THE WITCH OF ENDOR".

Augsburg.

Date: 18th c.

Technique: Acromatic class glass with coloured, opaque painting. Ebonised and gilt wood frame.

Measurement: 28,5 x 35cm.

Provenance:

Bavarian private collection

"Saul at the Necromancer of En-Dor," abbreviated with "The Witch of Endor," from 1 Sam 28:3-25, is a rare painting theme, and not only in glass painting. A comparable reverse painting with the theme "Daniel's dream of the four epochs" can be seen in Dewiel 1986, p. 39, fig. 8 - it may, perhaps, be the same painter.

Estimate: 400 € - 600 €
