IRON CASKET WITH FINE TENDRIL DECOR.

France.

Date: 2nd half of the 16th c.

Technique: Iron, partially painted in gold.

Description: Finely chiselled and/or etched ornamental vine decoration on all sides. The rim borders with gold-painted leaf tendrils. A transverse iron band on the barrel-vaulted lid, with a handle in the centre and merging into a hinged latch at the front. This latch can be released by a secret mechanism, with the lock concealed underneath. Key present.

Measurement: 13,5x18,5x12,5cm.

Provenance:

Private collection Lower Rhine.

Estimate: 2.000 € - 3.000 €
