KLIMSCH, FRITZ

1870 Frankfurt a. M. - 1960 Saig

Title: Fritz Klimsch - A documentation.

With this documentation a complete overview on the works of the artist Fritz Klimsch (1870, in Frankfurt a. M.- 1960, Freiburg i. Br.) is given. Hermann Braun published a small volume, "Fritz Klimsch Werke", in 1980 and now completes his extensive research on the renowned sculptor with this publication. The work offers a sound basis of information not only for the art-interested reader and collector, but especially for historic conservators and museologists.

Over 40 known and unknown works were rediscovered by the author. As a result, Fritz Klimsch, one of the leading sculptors in Berlin between the late 19th C. and 1943, can be reviewed and evaluated anew.
